The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro

I respectfully request your consideration for the Fiscal Year 2027 funding in the amount of \$6,000,000 for the Flagler Beach Critical Infrastructure Resiliency and Wastewater Compliance Project as a community project funding request. The entity to receive funding for this project is the City of Flagler Beach, located at 105 South 2nd Street, Flagler Beach, Florida, 32136. The funding would be used for

to improve the City's wastewater treatment system to meet new state reclaimed water requirements, and for the construction of stormwater and flood mitigation upgrades to protect essential public safety and maintenance facilities from recurring flooding. The project is an appropriate use of taxpayer funds because it will support sustainable growth and quality of life in the community and enhance community resilience against storms and flooding, safeguarding both residents and the critical services they depend on.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C.5305(a)(1), 5305(a)(2), 5305(a)(4), and/or 5305(a)(5).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,
